Using the following scale from:

Strongly Agree.....Strongly Disagree

1 2 3 4 5

The results of the survey are as follows (comments were optional):

7. I support Beach Driving.

1.9

Essential to the economy of the area!

That's what put Daytona on the map – Long before NASCAR

The Beach belongs to US – The People

- 8 I will vote to raise the sales tax rate in Volusia County by a half-cent to pay for roads, infrastructure, Votran, SunRail, and other transportation-related projects

4.1

No one should ever vote to raise taxes for anything!

Should have raised impact fees builders should have paid all along!

We have been paying 5¢ a gallon on gasoline – and our streets are as pitiful as ever.

9. I am satisfied that the city is adequately improving infrastructure in our neighborhoods – roads, sidewalks, water, sewer, etc.

3.3

10. The term of office for Daytona Beach Commissioners is 4 years. I think it should be changed to 2 years.

2.4

11. I think attending neighborhood and other resident meetings is a good way to stay informed and participate in the local government process.
